### Part 1

### Airbus A380

1. Besides bars and casinos Airbus A380 may contain  

<b>libraries, Jacuzzis, beds</b>	
----------------------------------	--
2. The crowd watching the take-off consists of  

<b>industry experts and plane spotters</b>	
--	--
3. The cost to construct the A380 amounted to  

<b>12 billion Euros</b>	
-------------------------	--
4. Compared to any other commercial plane, the A380 is more economical and greener because it  

<b>burns less fuel (per passenger)</b>	
--	--
5. Concorde did not make a profit although its design was  

<b>triumphant / sensational</b>	
---------------------------------	--
6. From the economic point of view, Airbus should sell 250 more planes to  

<b>break even</b>	
-------------------	--
7. Heavy air traffic between major airports has led to the limitation of  

<b>(runway) landing slots</b>	
-------------------------------	--
8. In Boeing's financial considerations, the 787 is expected to  

<b>win back sales</b>	
-----------------------	--
9. Boeing will closely monitor the progress of the A380, and if necessary, it will  

<b>come back with a rival product / have its fallback plan</b>	
--	--
10. Before commercial flights can begin, there will be a year of testing in extremes of  

<b>altitude and temperature</b>	
---------------------------------	--

Max. 10 x 4 = 40
